Methods, apparatuses and systems facilitating deployment, support and configuration of network routing policies

Allan Leinwand

Chief Engineering Officer @ Cloudflare | ex-CTO Webflow, Shopify, ServiceNow, Zynga, ex-SVP Eng Slack | Help build a better Internet
San Francisco, California, United States

Summary

Chief Engineering Officer at Cloudflare (NYSE: NET) – Help build a better Internet...my views are my own Previously: • Chief Technology Officer at Webflow – Bringing development superpowers to everyone. • Chief Technology Officer at Shopify (NASDAQ: SHOP) – Making commerce better for everyone. • Senior Vice President of Engineering at Slack (NYSE: CRM) – Where work happens. • Chief Technology Officer at ServiceNow (NYSE: NOW) – The world works with ServiceNow. • Chief Technology Officer of Infrastructure at Zynga (NASDAQ: ZNGA) – Leader in social gaming. Earlier in my career, I lived inside a VC firm as a Venture Partner at Panorama Capital (formerly JPMorgan Partners), focusing on network and systems technology investments. I was founder and Chief Executive Officer of Vyatta, the pioneer in open-source networking, acquired by Brocade (NASDAQ: BRCD). Prior to that, I served as Chief Technology Officer and Vice President of Internetwork Engineering at Digital Island (NASDAQ: ISLD) and spent 7 years at Cisco Systems (NASDAQ: CSCO) during its formative years. Host of the "Pixels to Packages" podcast (www.pixelstopackages.com) Co-author of two books: • Cisco Router Configuration (Cisco Press) • Network Management: A Practical Perspective (Addison-Wesley) Holder of a granted patent in data routing, with additional patents pending in network route optimization. Current board and trustee roles: • Board Member at Compass (NYSE: COMP) • Trustee (Emeritus) at Harvey Mudd College Previous board director roles: • Marin Software (NASDAQ: MRIN) • Anaplan (NYSE: PLAN) Specialties: Software development leadership, engineering management, cloud computing, Platform-as-a-Service (PaaS), Infrastructure-as-a-Service (IaaS), AI product development, data engineering, internet architectures and infrastructure, distributed systems, and enterprise-scale technology strategy.

Experience

Cloudflare

Chief Engineering Officer

June 2026 - Present (4 months)

San Francisco, CA

Cloudflare, Inc. (NYSE: NET) is the leading connectivity cloud company on a mission to help build a better Internet. It empowers organizations to make their employees, applications and networks faster and more secure everywhere, while reducing complexity and cost. Cloudflare's connectivity cloud delivers the most full-featured, unified platform of cloud-native products and developer tools, so any organization can gain the control they need to work, develop, and accelerate their business.

Powered by one of the world's largest and most interconnected networks, Cloudflare blocks billions of threats online for its customers every day. It is trusted by millions of organizations – from the largest brands to entrepreneurs and small businesses to nonprofits, humanitarian groups, and governments.

Webflow

CTO

March 2023 - June 2026 (3 years 4 months)

San Francisco, CA

Webflow is the agentic web marketing platform for modern marketing teams, helping organizations build and scale high-performing web experiences that drive predictable growth and strengthen brand trust. Webflow unites marketers, designers, developers, agencies, and AI agents together in a single, governed system built for performance, security, and scale.

With a visual, composable CMS at its core, Webflow enables teams to design, ship, and optimize brand-forward web experiences with speed and control, without the complexity and fragility of stitched-together tools or the vendor lock-in of legacy digital experience platforms. Agent-ready workflows are

embedded across the platform, allowing teams to safely apply AI to creation, automation, and optimization with the guardrails, auditability, and governance required at enterprise scale. Today, more than 300,000 companies and over 2,000 Certified Webflow Partners trust Webflow to power enterprise-grade web experiences around the world.

Fireside
